

PSL AI Predictor - Privacy Policy

Last Updated: June 2026

PSL AI Predictor respects your privacy. This policy explains how information is handled when using the application.

Information Collection: Device information, usage statistics, and crash reports may be collected.

Personal Information: The app does not intentionally collect personal information such as names, passwords, CNIC numbers, or financial information.

Third-Party Services: Google Play Services, Firebase Analytics, and Firebase Crashlytics may be used.

Data Security: Reasonable measures are taken to protect information.

Children's Privacy: The app is not intended for children under 13 years of age.
